IN MEMORY

JOHN FRANCIS MARK KING "JACK"

*Sunrise July 13, 1921
Sunset September 21, 2013*

John Francis "Jack" King, 92, of New Carrollton, died peacefully Saturday, September 21, 2013 with family. Jack was born in 1921 in College Point, NY, the son of the late George King and Agnes Cecelia Devaney, and devoted husband of the late Mildred Helen King, who died in 1993.

A World War II veteran, Jack served with the U.S. Army's 743rd tank battalion in the European theatre. Following his military service, Jack earned a bachelor's degree in journalism from the University of Denver and a master's in economics from Columbia University.

Jack's professional career in federal service included roles on the Civil Service Commission, Federal Aviation Administration, and the Federal Power Commission, from which he retired in 1976 as Comptroller.

A resident of New Carrollton for more than 50 years, Jack was especially proud of his service as Mayor and played an active role in the community. He served both as Mayor and Councilmember for the City of New Carrollton and was active for many years in various organizations and activities. He served as President of the Men's and Recreation Clubs, and was instrumental in having the County library located to New Carrollton, having the Metro station named for the City of New Carrollton, and having the City's name changed from Carrollton to New Carrollton.

Jack was a lifelong dog lover who enjoyed daily walks around New Carrollton and area parks with his beloved yellow lab Beau, and subsequently with a husky mix he adopted named simply D-O-G, pronounced "deogi." He remained an avid sailor in his 70s, an RV'er in his 80s, and a companion and caregiver for his many friends in the community who passed away before he did.

He is survived by his children Jeffrey of Oakland, CA Kellie of Williamsburg, VA and William of Manchester, NH; his sister Dorothy Kane of Fairfield, CT; his grandchildren Ashley, Michael, Samantha, Nathaniel, Amanda and Amelia; and great grandchildren Michael, Mikaela, and Madison.

He was predeceased by his sister Agnes Arnow, infant sister Sarah Fitzgerald, sister Eleanor Clute, and brother George King.

Mary Oldfather Retires From Recording Secretary Position

MARY OLDFATHER City Recording Secretary

Mary began working for the City of New Carrollton on January 15, 1997. At that time she was "newly single," and pursuing the adventurous, but expensive, hobby of learning how to fly a small airplane. Mary was working full-time at Family Service Foundation, Inc. and needed a local part-time job to finance her hobby. As a resident of New Carrollton since 1977, she saw the ad for Recording Secretary in *The Gazette*, and thought this was something she might like to do.

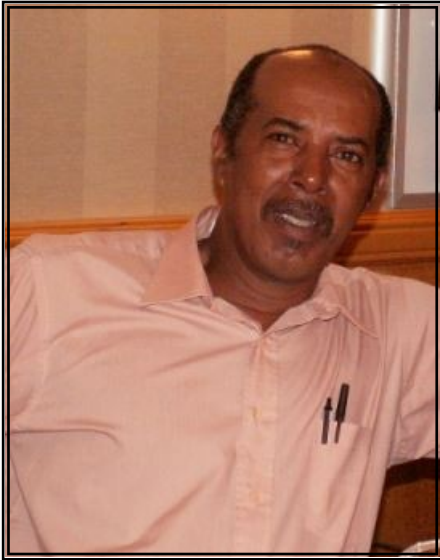

Mary has stated that working for the City as Recording Secretary has been a very rewarding part-time job for her.

Mary could work on her own after attending a few meetings a month. She hopes to retire from her full-time job soon and spend more time with her children and grandchildren.

The city will really miss the service, professionalism and dedication that Mary has provided to the city.

Her last day with the City as Recording Secretary is November 30, 2013.

Gregory (Greg) Wills Retires As Public Works Director

GREGORY "GREG" WILLS
Public Works Director

From the time Greg was hired, he constantly placed the needs of the City and its residents above his own. He always thought of what was best for the City, not what was in it for him. He is what one can call a "True Company Man." He began as a Refuse Collector and completed his career as the Public Works Director.

Greg began working for the City of New Carrollton's Public Works Department in April of 1976 as a Refuse Collector. In November of 1976, he was made Refuse Collection Crew Chief. In June of 1982 he became Assistant Crew Chief-Equipment Operator for the Street Maintenance Division. In June 1987 he was made Street and Maintenance Supervisor. In December of 1993 he was promoted to Sanitation Supervisor of refuse collection. In November 2003 he became the Assistant Public Works Director and in October 2006 he was promoted to Director of Public Works.

When Greg began working for the City he immediately demonstrated that he had leadership skills and was a quick learner. In 1989, when a new Public Works Director was hired, he recognized that Greg had many talents and decided he could be better utilized. He set out to further advance his skills.

There was a strong need to develop a comprehensive Roads and Sidewalk Program and Greg was assigned the task of gathering the condition data for City streets. Greg worked hand-in-hand with the Director on numerous projects and assisted in the daily operations. He never failed to meet with residents to resolve issues that arose during normal operations. If a resident had a specific problem that could only be addressed during off hours, Greg made himself available as necessary.

Individuals like Greg don't come along very often. Senior managers only wish they had workers like him so they could further develop departmental operations. Greg took the "me...me...me" out of the job and replaced it with "What else can I do for you?" There are many residents who will want to thank Greg personally for all he has done. His last day with the City as Public Works Director is November 29, 2013.

WHAT IS CARBON MONOXIDE POISONING?

Carbon Monoxide (CO) Poisoning is a potentially fatal acute or chronic intoxication caused by the inhalation of carbon monoxide gas. This deadly gas is extremely difficult to detect without some sort of aid. It has no smell or taste and you cannot tell when you are breathing it in.

What are the Causes of Carbon Monoxide Poisoning?

Carbon monoxide is a byproduct of combustion. Household appliances, such as gas fires, boilers, central heating systems, water heaters, cookers and open fires which use gas, oil, coal and wood may be possible sources of CO gas if the fuel does not burn fully. ***Every home should have a Carbon Monoxide detector installed.***

A car in a closed garage with the engine running can cause lethal levels of CO gas within ten minutes.

It is not uncommon for a person to experience carbon monoxide symptoms but not be aware of the cause. Additionally, the longer someone is exposed to CO gas the more severe symptoms will become.

According to the CDC (Center for Disease Control and Prevention), hundreds of people die every year from carbon monoxide poisoning.

Signs or symptoms may include:

- Loss of balance
- Vision problems
- Memory problems
- Eventual loss of consciousness
- Confusion
- Coordination difficulties

If you suspect there is a carbon monoxide leak in your home, the first thing you need to do is get out. You should treat carbon monoxide as you would a fire—this gas can and does kill in minutes, and just because there are no flames and no physical evidence of the gas, this does not make it any less dangerous.

Don't stop to gather belongings or pack clothes—simply get everyone together and get out in the fresh air. If you are able to open windows and doors as you go, then do so.

Once you have left the house, contact the fire department to inform them that you suspect a carbon monoxide leak in your home. Do not return to your house for any reason until first responders give you the "all clear."

MARYLAND'S CELL PHONE USE BAN (TR 21-1124.2)

Effective October 1, 2013, Maryland's cell phone law now prohibits drivers from using a handheld cell phone while a motor vehicle is in motion.

This is a primary offense. Law enforcement officers can stop a driver solely for using a handheld cell phone.

No other offense is needed.

- Drivers will receive a fine (including court cost) of:
- \$83 - first offense
- \$140 - second offense
- \$160 - third & subsequent offenses

MARYLAND'S SEAT BELT LAW (TR 22-412.3)

Effective October 1, 2013, Maryland has a primary seat belt law for front seat occupants AND a secondary seat belt law for back seat occupants.

- Tickets can be issued to drivers and front seat passengers even if no other violation is observed.
- Each person that is not buckled up (driver and passenger) may receive a ticket (including court costs) of \$83 for not wearing a seat belt.
- In the case where any passenger under the age of 16 is not buckled up, the driver may receive a ticket for each offense. For instance, if a driver is stopped and not wearing a seat belt and a passenger under the age of 16 is also not restrained, the driver may receive an adult seat belt ticket (including court costs) of \$83 for himself and a ticket (including court costs) of \$83 for the passenger.

CHRISTMAS TREE RECYCLING

Christmas tree recycling will begin the week of January 6, 2014. Trees will be collected only on the second collection day of the week, either Thursday or Friday. Residents must strip their trees of ornaments and tinsel and place them in a visible location near their regular trash for pick-up. Do not place trees on the carport, patio or curb for pick-up. **For more information call the Public Works Department at 301 577-1008.**
